***Re: Connect America Fund, WC Docket No. 10-90***

Dear Ms. Dortch,

On December 1, 2014, Bob Quinn, Jr., Cathy Carpino, Mary Henze and I of AT&T Services, Inc. (AT&T), met with Daniel Alvarez of Chairman Wheeler's office to discuss rules to implement Connect America Fund Phase II (CAF II). In particular, we discussed the importance of including eligible telecommunications carrier (ETC) reform as part of any order adopting CAF II rules. Consistent with AT&T's prior advocacy, such reform would include limiting ETC designations and associated obligations to only those areas where a provider voluntarily elects to receive high-cost support and delinking the ETC designation from participation in the Lifeline program.<sup>1</sup>

We explained how ETC obligations impose significant costs on providers and that AT&T recently quantified those costs using the Commission's own cost model.<sup>2</sup> We also noted that, while state commissions are statutorily required to permit an ETC to relinquish its designation in areas served by another ETC, there is no deadline for state commission action on an ETC's relinquishment notice. We thus encouraged the Commission to direct state commissions to act on such notices within a reasonable period of time similar to the Commission's proposal to require state commissions to act on CAF II ETC applications within a defined period of time.<sup>3</sup> Finally, we discussed how the Commission could ensure that CAF II is treated in a tax efficient manner as well as related reporting requirements that AT&T and other price cap carriers recently proposed.<sup>4</sup>

June 10, 2014) (proposing a rebuttable presumption that a state commission lacks jurisdiction over an ETC designation petition if it fails to act on that petition within a certain number of days).
